PHILIPS
sense and simplicity

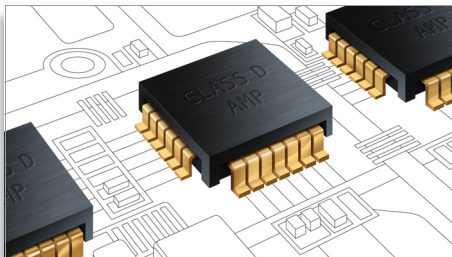

Highlights

Titanium tweeters

The co-developed tweeters, crafted in titanium, are very rigid and light to guarantee undistorted sound. Their incredible resistance to distortion and resonance through the whole audible frequency range guarantees superb clarity for all sound details.

Premium Class D Amplifiers

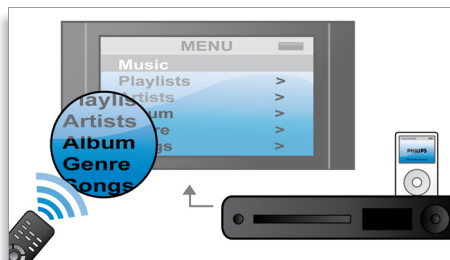

The Philips proprietary Premium Class D Amplifiers are designed to preserve the original sound source for greater audio signal accuracy, thus allowing acoustic details in music and movies to be delivered exactly as the artist or director intended.

Full HD 3D Blu-ray

Be enthralled by 3D movies in your own living room on a Full HD 3D TV. Active 3D uses the latest generation of fast switching displays for real life depth and realism in full 1080 x 1920 HD resolution. By watching these images through special glasses with right and left lenses that are timed to open and close in synchrony with alternating images, the full HD 3D viewing experience is created. Premium 3D movie releases on Blu-ray offer a wide, high quality selection of content. Blu-ray also delivers uncompressed surround sound for an unbelievably real audio experience.

Built-in dock for iPod/iPhone

A built-in dock for iPod/iPhone lets you play movies, music and photos from your iPod/iPhone. What's more, you can charge and control the iPod/iPhone and browse through its contents on your TV screen - all with the home theatre's remote. Doing away with cumbersome cables and connections, the integrated dock brings portable entertainment into your home - with absolute ease.

Smart TV

Philips home theatre systems with Smart TV offer you an array of enhanced features, including Net TV, SimplyShare and AV Remote. Net TV brings a wide range of online information and entertainment to your TV. Simply select Net TV in the Home Menu and to start browsing for services like video-on-demand stores* for the latest releases in HD, and Catch-up TV. With SimplyShare you can access photos, music and movies stored on your PC from the comfort of your sofa. Can't find the remote control? Simply use your smart phone or tablet PC to control your home theatre via the Philips AV Remote app.

Perfect match to Philips 9000 series TV*

Perfect match to Philips 9000 series TV
Intensify your cinematic experience at home with a

matching Philips 9000 series TV. This 2011 3D TV was awarded Best LCD TV by EISA for the past 10 years; it brings innovation in picture and connectivity. Perfect Pixel HD Engine and LED give you the most true to life images. Ambilight and 3DMax bring movies to life. Both TV and home theatre can be operated with only one remote control and the combined set ensures the best picture and sound performance with Philips Easylink via HDMI. In addition they are both designed with the same materials and finishing for a perfect visual match!
